

# INTRO TO BACKEND DEVELOPMENT

DAY 4

*03/24/2021*

*Instructor - Casey Wilson*

*TA - Kevin Dublin*

*TAKE HOME -> Review*

# *Learning the Ways of the Python (5)*

- Get The Basics
- More Dr. Google
- More Talking

# *Programming CHALLENGE*

# CHALLENGE -> Review

When the python interpreter shows an error and it's not clear what exactly went wrong in the script:

# *Learning the Ways of the Python (6)*

- More Dr Google
- More Talking
- Stay Awake!

when you write `i++`  
in a python code

"We don't do that here"

Use `i+=1` instead

# *Questions?*

# *Take Home Challenge*
